YOUR SPACE.YOUR STAGE

WELCOME TO CHIC STUDIO™

"At Chic Studio, your space is an endless area for wonder and exploration."

ABOUT

Chic Studio is an interior design company built on a full-scale approach that covers interior design, furniture, contracting, and consultancy. Based in Jeddah, our services expand to commercial and residential projects, including luxurious developments and simple, comfortable homes, starting from foundational sketching, and reaching the last detail of finishing works. Driven by passion and experience, our diverse team bring their unmatched perception to influence your concepts with expert innovation, unique impact, and tailor-made styles. Through their dedicated presence on site, they make sure your design solutions are signed with elegance and glamor to the furthest feasible degree. At Chic Studio, your space is an endless area for wonder and exploration. You can introduce nature, culture, music, and every other concept you fancy living around. Having worked with high-profile clients and gained an extensive portfolio along the way, we are committed to making you feel that your space is your stage to shine.

VISION

To surround our clients with more spaces where they feel an exclusive belonging and a limitless sense of control.

BRAVE THINKING.
BOLD CONCEPTS.

MISSION

To reinforce the value of design beyond aesthetics and enable our clients' personal touch with custom-made products and an interdisciplinary team of experts

SERVICES

INTERIOR & EXTERIOR DESIGN

With our interactive designs, you do not have to imagine the best versions of your space. Our experts and designers will help you visualize your favorite choices when it comes to the style, trend, colors, lighting, and every other element of your dream space.

FURNITURE DESIGN & SUPPLY

Wide choices might not be your best friend when it comes to furnishing your home or office. For that, our specialists will narrow down the choices for you or even build them outside the box, thanks to the decorative woodworks and custom-made furniture we specialize in.

FIT-OUT

It is true that things are easier said than done but not in our case. Our architects, engineers, project leaders, and craftsmen will see to the implementation of every detail, from sketching to handover. With their constant presence on-site, late delivery and unforeseen issues are a thing of the past.

CONSULTANCY

As clear as your vision might be, it is always worth expert advice to direct your concept or take it to the next level. With almost a decade of experience in the Saudi market, we make sure your requirements tick all the boxes of elegance and convenience at all times.
